Subject: Cultural Resources Concurrence Request, The Technology Store, Inc., Little Green Monster, S/049/0085, Utah County, Utah

Dear Ms. Hunsaker:

The Division of Oil, Gas and Mining has received a proposal from The Technology Store, Inc. to conduct small mining operations in Section 22, Township 6 South, Range 3 West, SLBM, Utah County, Utah. Enclosed with this letter is a copy of the location map provided by the operator.

In 1998, SWCA Environmental Consultants performed a cultural resources survey, SWCA #98 122, for the Division's Abandoned Mine Land Reclamation program (AML), project number AMR 045 904, which included the area of the proposed mine. I have included a copy of a portion of a map prepared for AML. This map shows a few sites in the area of the proposed mine, but none of these sites were considered eligible for listing in the National Register of Historic Places.

Accordingly, the Division of Oil, Gas and Mining has determined that there will be **No Adverse Effects** to significant cultural resources, and we seek your concurrence with this determination.

Thank you for your assistance. Please call me at 801-538-5261 if you have questions about this request.

Sincerely,

Paul B. Baker
Minerals Program Manager
